Dr. H. Tubb. November Appointments.

"Quaker City" Family Sewing Machine.

H. D. Kendall & Co. Damaged Cottons, &c.

C. S. Malby—W. W. Guines, Agent—Oyster Deput. Chamberlain, Crawlord & Co .- For Chicago, &c.

SAD ACCIDENT .- Thursday afternoon, as the wood train on the C. C. & C. Railroad was com-

ing past Berea Station, an accident occurred resulting in the death of an estimable young Irishman of this city. An empty freight car To which they invite the attention of pur was standing on a side track, and as the wood chasers - In most effectual destrifices in use. It whitens the teeth accompanied the shower, struck the freight car and carried it rapidly along in the same direcfinance, an agreeable fragmace.

FOR SHAVING.—Its rich inflor penetrates and softens that the train was running. It not being the beard, prevents critation, and renders the operation possible to at sp the train instantly, the empty ting, one of whom named Domlick Joyce, was styles so see yely cut and mangled, that he died shortly after reaching Cleveland. The others on the car were somewhat injured, but not se-

Joyce was a steady, respectable and worthy young man, 24 or 25 years of age, who devoted The most desirable styles in market. all his earnings to the support of his widowed mother. She resides on Lighthouse street.

DESCRIP OF LIGHTNING.-It was thought by nany that the lightning must have struck somewhere in the vicinity, on Thursday and such it seems was the case.

A young lady was walking along Chestout street when a ball of fire came down upon the side walk a few feet in front of her, and ran along the walk to the corner of Chestnut and Muirson streets where it exploded with a loud report. She was so affected by the fluid as to The communities of ingressents in these symptotic and the beautiful to stand, and was partially paralysed, but probably the injury wift not be permanent. No damage was done to the walk or houses by ion at the heart, whiter, alt nervous affections, bosteries, this singular freak of the artillery of the skies.

THE HAIL STORM - Much damage was done on Thursday by the large hail stones which came from the clouds with such force and fury. SHETLAND, We learn that many lights were broken in various parts of the city, some of the residences There is one consistion of the female system as which the
Fills cannot be taken network producing a FECULIAR RESULT. The condition referred to is FREGNANCY—the
result, MISCARZIAGE. Such is th' arresultable tendency
of the malicinate to resister the sexual femalium to a normal
condition, that even the reproductive power of nature cannot
condition, that even the reproductive power of nature cannot
condition, that even the reproductive power of nature cannot
condition.

At Buffalo the appearance of the sky was of was so dense that in the Court House personcould not be recognized at a distance of ter, feet and lights were needed in every building. The HOSIERY AND County Fair was broken up in a hurry. A house was struck in the upper part of the city. Accounts from various quarters reach us of the violence of the storm.

YESTERDAY AFTERNOON'S REPORT

VELLOW PEVER NEW ORLEANS, Sept. 30.

NEWS FROM THE WEST. LEAVENWORTH, Sept. 28. Four companies of the 1st cavelry, under the command of Maj. Sedgwick, arrived from the Cho-yenne expedition yesterday. The sixth infantry was passed at Soda Springs one hundred and thirty four miles west of Bridger, Aug. 31st, making good

rogress.
The Delaware Indians held conneil on their re serve Aug. 25th, to consider the practicability of an abandoument of their tribe, and adopting the customs of the whites and becoming citizens of the United States.

#### RE-NOMINATED.

Buston, Oct. 1. The Republicans of the 7th District nominated ion. D. W. Gooch for re-election to Congress.

FROM WASHINGTON. WARRINGTON, Oct. L. The Board of Naval Engineers have awarded to The Board of Naval Engineers are as are as and as Marphey & Co. the machinery for the steam vessel building at Brooklyn; to Merrick & Sons that for the larger of the two building at Philadelphia; to Woodruff & Beach, of Harlford, that for the vessel building at Kittery, Maine; to the Boston Locomotive Works, the vessel building at Boston, and to the Morgan Works of this city the vessel of Persacola.

at Pensacola.

The contracts of the vessel at Norfolk, and the other one at Philadelphia, have not been awarded. The balance in the Treasury on Monday was \$10,869,000; receipts of the week \$220,000; a reduction as compared with those of the previous week of \$1,249,000.

The drafts paid amounted to \$2,221,000, and the drafts issued to \$2,165,000.

FROM NEW YORK. New York, Oct. 1.

The Committee appointed by the Executive Committee of Staten island on quarantine matters to call upon the Commissioners for quarantine removal and examine their plan for the construction of floating hospitals, having reported the particulars of their interview, and that they have examined the plans and approved of the same, and that the spot selected for the structure is at least two miles from the shore at Staten Island. Therefore

Resolved. That this Committee cordially approve of the action of the Commissioners for removal, and of their plans, and will heartily co-operate with them in carrying out the plans reported upon as far as lies in their power.

Besolved, That in the opinion of this Committee
the plans of the Commissioners for removal are approved by the State authorities, such action will
give general satisfaction to the citizens of Statan
sland, and will allay all prejudices against the

Qua untine Institution.

Copy of resolutions passed Oct. 1st., 1858, signed MATTHEW BARRETT, Chims. WM. H. VAN DERBILT, Sec'y. NO. WINATED. CORNING, N. Y., Oct. L.

Wm. Irvine, of Corning, was nominated to-day by the Republicaus for Congr. a from the Steuben and Livingston District.

LAST NIGHT'S REPO. T. STATE FAIR. PITTSBURGH, Pa., Oct. 1. The crowd at the State Fair to-day was coornrons. Wm. A. Stokes, of Westmore and county, delivered the Annual Address, which was a production of extraordinary power and eloquence, and is the subject of great praise from all who heard it. About fifty thousand persons were presented.

ELEALDWIN & CO.

Greater space between the strings in the same-sized case. The manner of stopping the effection of the string.

That the public may see and judge for themselves whether the above statement be true, I publish a diagram of the old and new styles of glasses, or rather the old fogs style, which rejects all modern improvements, and the Hablet, Davis & Ou 's style-which accepts the doctrine that we are fiving it as the style-ture of the control of the style of the control of the presented, and that mose but tild forgion will desay that the style-equal four; and that 100 line, weight twice as much as flay 1, The Hallet, Davis & Co. Pianos have a greater

length of string than those of any other make in the same sized case. The truth of this satement may be seen at a glance, as near-terior with the satement may be seen at a glance, as near the result of a resident retire can be used for vitre-Concert pitch.

It is well known that the reason is six-octave plane does not be present the foliants and sight of tone of a nerven-octave plane is:

6. The staragth of string, inc. the six of the six octave plane is of the six octave the foliants of the six octave the six octave plane is embed to send out a fair of the six octave plane of \$200 cc.

It is reason why slrings so of the control that is octave the six octave plane of \$200 cc.

space between the strings than those of any other . The manner of stopping the vibration. The vibration of the string, in all plants, commences to hamness arrives it, near the bridge, where it is sample

Ohio 4, The evenness of the vibration of the string. 4. The exemises of the vibration of the string.

However good a string may be, it will produce no tone until to vibrates, and he oversor the vibration the beater the time.—To vibrate eventy, the string whould have not two distinct motions of the product of the string in the string point, and then, if it vibrates a thousand times, its motion of the string in the return in a straight discrete line to its starting point, and then, if it vibrates a thousand times, its motion of the string in the return in a straight discrete line to its starting point, and then, if it vibrates a thousand times, its motion of the string in the product in the string in drawn the last thereby necessarily must be drawn the highest.

New it is universally known that the highler a string in drawn the more supplier is vill crimate, and as the two tides of a less than the string in drawn.
